Driving Directions from North End to South End Access to Course

We will meet at 8:00 am at the course start at the Hickory Creek LaPorte Rd access for team briefing before moving into positions. The NAWS 5K event is an out-and-back course along the Hickory Creek bike path. The course begins at the LaPorte Rd. access and goes out for about 1.58 miles before participants turn around to come back the way they came. If your radio position is south of the Hickory Creek (i.e. positions 6-14), it would be a shorter walk for you to park on the south end at the Lincoln Highway access and then walk north onto the bike path to your position.

Turn-by-Turn Directions

1. Turn left out of the parking lot onto La Porte Road towards Wolf Rd (0.9 miles)
2. Turn left onto Wolf Road (1.6 miles)
3. Turn left onto Lincoln Highway/US 30 (1200 feet)
4. Turn left into the Frankfort Township Hall parking lot.
The bike path entrance is at the back of the lot.

CHECK IN WITH NET CONTROL WHEN IN POSITION
